The Budaors Sportfest success project was the main program for the past three years for WBPF International Competitions with the co-operation of WBPF Hungary. The City of Budaors and WBPF Hungary are preparing for an even closer co-operation this year (2013).

In October 2012 Ildiko and Hussain met the Vice-Mayors of Budaors Dr. Gabor Molnar and Mr. Istvan Torok together with Aron Santa, the Head of Finance Committee representing the City of Budaors. They had a cordial discussion during lunch time. Both the Mayors are very supportive because they appreciate the level of competitions which they witnessed at the

Sportfest and they love fitness sports. The Vice-Mayors are also pleased that Hungary is producing great champions in Bodybuilding, Fitness and Model Physique sports in recent years.

In 2013 the Budaors Sportsfest continues with an extraordinary one day event (day and night) on June 8th for the 1st WBPF Grand Prix.

The City of Budaors is extremely proud that they were given the honor to host the WBPF's 5th World Bodybuilding and Physique Sports Championships from November 13 – 17 and the Budaors City Sports Hall will be the first European site for this grand world event. With the participation of several countries from Asia and the Arabia, it is hoped that investors would be attracted to the City of Budaors and look into the possibilities of investments.

Ildiko Buranits the Chairperson of the WBPF Women's Committee and Secretary-General of the European Bodybuilding and Physique Sports Federation (EBPF) is grateful that the City gave its approval to have the Congress organized at the Council Room of the Town Hall.

Hussain Alsaffar from United Arab Emirates, (Treasurer of WBPF & ABBF President) who was attending the Budaors Sportsfest as a guest was impressed with the support coming from the Vice-Mayors and he was confident that many countries from Asia, Middle East, Africa, North America and South America will attend and participate.

After the visit to Budaors, Hussain and Ildiko received an invitation to visit the Hungarian Parliament and both were satisfied that their meetings and discussion with all the people they met is heading in the right direction for the 5th WBPF World Bodybuilding and Physique Sports Championships.
