

Walter's Open Benelux Cup Bodybuilding and Physique Championships held on 9th May, 2010

The Walter's Open Benelux attracted 55 competitors and for the first time all participating athletes and the audience were enthusiastic and happy to participate in this competition organized by the Netherlands Bodybuilding and Physique Sports Federation (NBPF).

President Walter Branden was very pleased and he declared that next year there will be more goodies for the athletes. Many officials and supporters urged Walter to continue with his promotion and they will be back next year.
