

Independent Commission Against Corruption (ICAC) has formally stopped all investigations against Paul Chua

We wish to notify that the Independent Commission Against Corruption (ICAC) has formally stopped all investigations against Paul Chua, Secretary-General of the Asian Bodybuilding and Fitness Federation.

Paul Chua is no longer required to assist in any further investigations by ICAC.

Paul Chua has always maintained his innocence that he was not involved in any bribery or corruption.

The reduction of suspension period of the 3 Hong Kong bodybuilders, which was the subject matter of the ICAC investigations, was carried out with complete transparency by the Federation.

There was documentary proof that the fines collected by the bodybuilders were banked directly into ABBF's account.

Paul Chua abided by due process throughout the ICAC investigations.

We have every hope and belief that Paul Chua will continue to lead ABBF to even greater heights.
